S I M S I M A G A F O O R

Flutter Developer • Dubai, UAE • (+971) 581-542-529 • simsimagafoor1@gmail.com • LinkedIn | Bitbucket | GitHub

SUMMARY

Experienced Flutter Developer with 3+ years building high-performance, cross-platform apps for Android, iOS, and desktop. Expert in Flutter, Dart, Provider, Riverpod, Firebase, and REST APIs. Led development of the Akarat real estate app with advanced features and clean architecture. Passionate about scalable code, intuitive UI/UX, and cross-functional collaboration.

PROFESSIONAL EXPERIENCE

Bosporus Real Estate – Akarat App | Dubai, UAE • Flutter Developer • 02/2025 – Present

- Developed and launched a cross-platform real estate app (iOS & Android) using Flutter & Dart with full REST API integration for properties, agents, and agencies.
- Implemented secure user authentication via Firebase Auth with Google Sign-In for smooth cross-device login.
- Built Favorites with real-time API sync, inline search, pagination, and dynamic filtering using Provider and SharedPreferences.
- Resolved critical iOS build issues (Xcode, Firebase) and managed signing, release builds, and store listings (App Store / Google Play).
- Maintained a clean codebase with Git feature branching and PRs enabling smooth deployments.
- Collaborated with backend and marketing on API debugging, real-time data, and SEO-aligned content for better performance.

Enercap Power Industries LLC | Dubai, UAE • Flutter Developer • 10/2024 – 01/2025

- Developed/maintained cross-platform apps in Flutter for industrial energy solutions with user-friendly interfaces.
- Architected Windows desktop apps for real-time system monitoring with strong performance and scalability.
- Integrated Modbus RTU and RS-485 for hardware-software interaction with robust data handling.
- Worked with R&D;/embedded/electrical teams to support products (EnCafe, Encap, Enwall).
- Implemented real-time data visualization and control features for efficient monitoring.
- Designed modular, reusable architectures to speed development and improve maintainability.

UST | Trivandrum • Software Engineer / Flutter • 02/2022 – 04/2024

- Built responsive cross-platform apps (Android, iOS, Web) ensuring seamless UI/UX.
- Developed a Task Manager with real-time monitoring and notifications (+25% team productivity).
- Created an Incident Management system integrated with JIRA for efficient ticket tracking.
- Integrated payment gateways, OTP/email verification; connected Firebase/SQL for secure data management.
- Partnered with design via Figma; performed RCA to resolve production issues quickly.

Goyalo Safaris | Kochi • Flutter Developer • 10/2020 – 10/2021

- Designed and developed cross-platform mobile apps with seamless UI/UX and API integration.
- Built an eCommerce app with secure payments and multi-category product management.

- Implemented voice-activated search using speech recognition for accessibility.
- Integrated Firebase for real-time sync and push; managed code with Git and tasks via Jira.

SKILLS

• Flutter, Dart; Provider, Riverpod
• REST APIs, Dio; MVC, MVVM, Clean Architecture
• Firebase, Firebase Auth, SQLite, MS SQL, Cloud
• Git, CI/CD, Xcode, Jira, App Store, Play Console
• Android, iOS, Web, Windows
• Figma, Responsive Design, UI/UX, OOP
• B2B, B2C, Cross-Platform Development

PROJECTS

Akarat Real Estate App (Google Play | App Store) — Led Flutter development with REST integration, Firebase Auth, Favorites, pagination, and Provider. Managed App Store & Play deployments and Git workflows.
E-commerce Grocery App — Built cross-platform shopping app with secure payments and smooth UX.
Cafeteria App — Employee app for menu browsing, ordering, and payments.
Task Manager App — Task tracking for 20+ users with progress monitoring to boost productivity.
Incident Management App — Ticket tracking with updates to improve response and accountability.
EnWALL App — Flutter app with Modbus communication for real-time inverter/battery monitoring with CRC validation.
Movie Search App — OMDb API + Riverpod + Freezed + Dio for real-time search and modular architecture.
Makeup App — Face++ virtual try-on; Provider state; Dio networking; polished UI and real-time sync.

CERTIFICATIONS

Flutter & Dart – The Complete Guide (2025 Edition), Udemy — Updated for latest Flutter/Dart with new features and best practices.

EDUCATION

B.Tech (Information Technology) — College of Engineering Thalassery, Kerala, India — 2020
